

Dear Caring Friend,

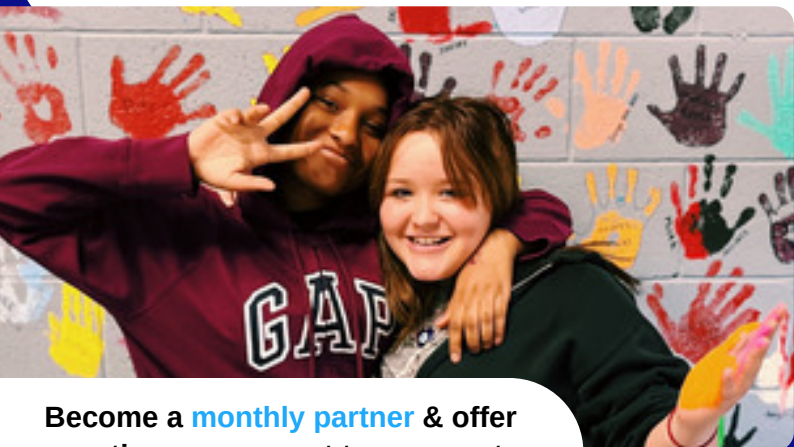

Years ago, Yani came to Escape Ministries with low self-esteem and uncertainty about her future. Having been expelled with no other prospects, she felt alone, discouraged, and fearful. ***But you helped make a difference.***

Today, she writes, "Escape helped plant a seed, and connected me with people to continue to water it. To be a college student today and stand before you, confident, assured, and resilient, I am excited to see what sprouts next in my journey and how Escape will continue to inspire other heroes."

Friend, will you help support the next generation of heroes?
